Motivated and Dynamic Web Developer

FULL STACK DEVELOPMENT | EXPERT KNOWLEDGE IN REACT.JS

Motivated and dynamic Web Developer with a keen focus and experience in web application development and web layout design, with a strong work ethic and innate ability to adapt in ever-changing and challenging environments. Education and experience in comprehensive problem solving, creative troubleshooting, and complex project management. Accomplished with effective collaboration skills, team building capabilities and leadership in diverse and multifaceted operations.

EXPERIENCE

Evangadi Tech - Silver Spring, MD
React Developer

May 2022 - PRESENT

- Collaborated with clients to understand requirements, objectives, and expectations for the project.
- Designed and developed web applications using React.
- Conducted testing and debugging activities to ensure the built application works as expected.
- Collaborated with UI/UX designers, backend developers, and project managers to deliver projects on time and to clients' requirements.
- Managed time effectively to deliver projects within agreed-upon time.
- Delivered high-quality, scalable, and easy-to-maintain code.
- Keep up to date with the latest industry trends and technologies to deliver the best viable solutions to clients.
- Provided post-project support to ensure application runs smoothly.

GuZo Technology - Dessie, Ethiopia
React Developer

April 2019 – May 2022

- Developed databases to support web applications and sites.
- Wrote full-stack software and tooling and ensured the code was well-tested and performant.
- Implemented guest-facing user experiences using a mix of front-end technologies based in JavaScript and CSS.
- Worked with the UX team to implement responsive designs that followed a "mobile-first." "Methodology."
- Adhered to coding standards to write code that was understandable by everyone on the team.
- Wrote unit tests that emphasized "quality" over "line coverage."
- Authored code fixes and enhancements for inclusion in future code releases and patches.
- Designed and developed forward-thinking systems that meet user needs and improved productivity.

SELECT PROJECTS (Under GuZo Technology)

<https://guzo.tech/> - Website

- Managed comprehensive website development including collaborating with a talented team to better streamline operations.
- Successfully carved out PSD design and converted to custom themes per client specifications.
- Ensured proper conversion of Bootstrap themes into well-structure React Components
- Drove routing and serving of Express.js Module.
- Effectively designed, deployed, and integrated high profile database using MySQL.
- Oversaw comprehensive deployment of the platform as needed.

React.js Survey Application

- ❑ Collaborated with a talented team of backend developers including driving all client facing applications.
- ❑ Ensured proper receiving and posting of data to the database using REST API.
- ❑ Successfully wrote Node modules to manage survey logic.
- ❑ Performed comprehensive unit testing on complex code.
